

- #1 - Entry is about Aldon and a task he is given under the table to create a super soldier drug
- #2 - Farro talks about his family run bakery called the Fleming bakery which is a big local success and how the name is what the place is.
- #3 - Thomas talks about his thoughts and what's gonna happen when he and a small part of the royal guards mixed with some goons confront Christopher and Laura about the watch/Raziel
- #4 - Aldon is writing about Raziel about his appearance speech and actions
- #5 - A typed page of a whole conversation Raziel and Farro had. (hinting at some point the government was listening in on them a fact Farro knows)
- #6 - A page of thoughts written by Raziel about how his hand writing has improved (it should start with something like Attempt 26th)
- #7 - The Start of a bestiary Farro has made with a note at the end about how upkeep on this takes too much time and work.
- #8 - Aldon talks about the possibility of a fusion between a human and Raziel and the powers and good possibilities it could have but when he starts talking about the consequences it stops before any issue can be written about.
- #9 - Thomas talks about whether he should be conflicted about confronting Farro and if he should *get rid of him* and starts having second thoughts but ends up staying with the same mindset
- #10 - Harold writes a poorly written note about how he needs help getting out of his cell
